Subject: Annual Practicing Fee increase

Dear DCNZ,

I am dismayed at yet another fee increase hot on the heels of last year's one. The cost of being a dentist and delivering quality, COMPLIANT care to our patients is skyrocketing and I don't believe sustainable.

Looking at what other similar professions pay for practicing fees, dentists are significantly higher and I don't understand why this is the case.

I would ask that you reconsider your stance in this matter.

Regards
