Subject: Proposed APC fees for 2017-2018

Dental Council

I wish to object to the substantial proposed increase in the APC fee for Dentists for the year 2017/2018.

This is a huge increase of over 20% in the last two years, which is way above the rate of inflation and not justifiable.

I feel that the council is not using their resources well; especially with regards to the work on Practice Standards, as these

have already been produced by the NZDA and updated over time.

If the council requires this to be done then it would perhaps be a better use of funds if this was in collaboration with the Association.

Yours sincerely,

Kiran Thakrar
