Subject: Objection to the increase of APC fees

Hi

I'm writing this email to express my objection to the suggested Increase of APC fees for the year 2017 , I think the increase is very high taking in consideration the increase we have been paying almost each year ! I think there should be more consideration specially for the new graduates or even part time working dentists as we have to pay a lot each year for the council ,association,dental protection,ACC levy , continuing education hours...etc

I hope you will reconsider the increase for next year.

Thank you
Dr.Reem Alhafidh [REDACTED]
