Subject: Re: Dental Council: Consultation on an updated sedation practice standard

Dear Marie

Please find my answers below:

Q1. Do you agree/disagree with the proposed clinical team for sedation (proposal 1)? If you disagree, please detail why. Agree.

Q2. Do you agree/disagree with the proposed formal education requirements to provide sedation and for monitoring-only of sedated patients (proposals 2&3)? If you disagree, please detail why. Agree.

Q3. Do you agree with the proposed core competencies for providing sedation and monitoring-only of a sedated patient (proposal 4 and appendices B & C of the draft practice standard)? If you disagree, please detail why? Agree.

Q4. Do you agree with the proposal to have scenario training relevant to the management of sedation-related complications, incorporated into the NZRC CORE Advanced resuscitation training every two years (proposal 5) ? If you disagree, please detail why. Agreed.

Q5. Do you have any concern with other areas of the draft practice standard, not already expressed? No.

EDUCATION and TRAINING PROVIDERS

Please provide specific comment on: The feasibility and willingness to develop and implement (from 2019 onwards), an education and training programme for monitoring-only of sedated patients. I am willing to help in developing and implementing the sedation education program (I practice oral sedation, Inhalation sedation, IV sedation and I also work with anaesthetists who provide deep sedation)

Kind Regards

Dr Ali Baker
