Subject: Draft Patient records and privacy of health information practice standard

Dear Marie Warner,

I am writing to provide our feedback on the draft *Patient records and privacy of health information* practice standard. See our responses below.

Q1. Do you agree/disagree with the proposed draft Patient records and privacy of health information practice standard? If you disagree, please detail why.

The ADOHTA supports the proposed draft standard.

Q2. Does any element of the draft Patient records and privacy of health information practice standard require clarification or further guidance? Please explain.

The ADOHTA is satisfied the guidance notes are relevant, appropriate and easy to understand.

Q3. Are there areas you consider to be important that have not been covered in the draft Patient records and privacy of health information practice standard?

The ADOHTA has not further comments on other important areas that need to be considered in the standard.

Q4. Do you have any further comments on the proposed Patient records and privacy of health information practice standard?

The ADOHTA has not further comments on the proposed the standard.

Kind regards,

Mr Tan Nguyen
President
ADOHTA
