Subject: Consultation on a professional boundaries practice standard

Dear Marie Warner

Thank you for the opportunity to consult on this professional boundaries practice standard. Having graduated in another country where an oath was taken I can see the importance of these standards and guidelines.

Q1: In agreement

Q2: No further explanation is required.

Q3: None

Q4: Remembering the role of the Dental Council as that of protecting the public makes this document a good guideline for those practicing in this field.

Kind regards,

Jiljane Delaney
