Page 3: General question about recertification

Q4 Do you think the Dental Council needs to make changes to its current recertification framework? **Yes - it needs to make substantive changes**

Page 4: Area for change one: public assurance

Q5 Each of the seven statements below are equally important components of good oral health care. We want to identify where there are gaps or weaknesses in the way our oral health practitioners serve the public. Please rank the components from 1-7, with one being the component you think needs the most improvement and seven being the component you think needs the least improvement: **Respondent skipped this question**

Q6 Do you think the Dental Council needs to equip patients and the public to recognise poor practise? **Respondent skipped this question**

Page 5: Area for change two: right-touch risk-based regulation

Q7 Do you feel you have adequate information about the Dental Council's approach to regulation?

Respondent skipped this question

Q8 A risk pyramid illustrates the connection between the desired actions and/or behaviours of a practitioner and the differing level of responses a regulator can use to encourage and/or achieve the desired action and/or behaviour. Do you think the Dental Council should develop a risk pyramid/matrix to explain the types and levels of risk and corresponding regulatory responses?

Respondent skipped this question

Page 6: Area for change three: risk identification

Q9 Which (if any) of these tools and mechanisms do you think the Dental Council should be using to identify and manage risk?

Practice audits ,
 Practice questionnaires ,
 Competence and recertification programmes ,
 Practical training/experience for a period of time ,
 Course of instruction

Q10 Are you aware of any other tools or mechanisms the Dental Council should be using to identify and manage risk?

Respondent skipped this question
