Page 3: General question about recertification

Q4

<p>Do you think the Dental Council needs to make changes to its current recertification framework?</p>	<p>Yes - it needs to make substantive changes</p> <p>Please give your reasons: The current CPD system is in my opinion a waste of time. I spend money to go to courses where I learn minimal just to get hours. There is only so many posterior composite courses you can go to before you begin to go insane. Living in a small town (wanaka) I have no local CPD courses, meaning time off work, travel. The majority of my learning is done online.</p>

Q5

Each of the seven statements below are equally important components of good oral health care. We want to identify where there are gaps or weaknesses in the way our oral health practitioners serve the public. Please rank the components from 1-7, with one being the component you think needs the most improvement and seven being the component you think needs the least improvement:

Patients are confident their practitioner will not harm them	6
Patients receive the appropriate treatment for their oral health concern or issue	1
Patients receive appropriate information about their treatment and care	2
Patients needs and concerns are discussed and addressed with their practitioner	3
Patients feel they are treated with dignity and respect at all times	4
Patients feel confident their practitioner has the knowledge and skills to treat them	5
Patients know how to complain about treatment they have received from their practitioner	7

Q6

Do you think the Dental Council needs to equip patients and the public to recognise poor practise?

Yes,
Please give your reasons:
Yes: poor practice brings down the profession as a whole.

Page 5: Area for change two: right-touch risk-based regulation

Q7

Do you feel you have adequate information about the Dental Council's approach to regulation?

No

Q8

A risk pyramid illustrates the connection between the desired actions and/or behaviours of a practitioner and the differing level of responses a regulator can use to encourage and/or achieve the desired action and/or behaviour. Do you think the Dental Council should develop a risk pyramid/matrix to explain the types and levels of risk and corresponding regulatory responses?

No,
Please give your reasons:
Don't understand this question

Page 6: Area for change three: risk identification

Q9	Competence and recertification programmes
Which (if any) of these tools and mechanisms do you think the Dental Council should be using to identify and manage risk?	
Q10	No
Are you aware of any other tools or mechanisms the Dental Council should be using to identify and manage risk?	
Q11	No
Do you think any of these risk tools or mechanisms are more effective than others?	

Page 7: Area for change four: early intervention

Q12	Yes
Do you think the Dental Council should explore the use of risk analysis and risk-profiling to identify poor practise sooner?	

Page 8: Area for change five: compliance

Q13	Yes
Do you think the Dental Council should explore the use of incentives to encourage practitioner compliance?	
Q14	Respondent skipped this question
What do you think the Dental Council could do differently to encourage practitioner compliance with its recertification requirements? Please explain:	

Page 9: Area for change six: ongoing education and learning opportunities

Q15	Yes - the hours should be decreased
Do you think the Dental Council should change its current amount of prescribed hours and peer activities?	Please tell us what your preferred increase/decrease in hours is and why: As a young dentist the majority of my learning is done online. I have zero need to go to physical courses and hours should reflect this.

Q16

Do you think the Dental Council should change the current length of its education and learning opportunities (CPD) cycle?

Yes - the cycle length should be increased ,

Please tell us what your preferred increase/decrease in cycle is and why:
Again as a young dentist we are most in touch with research and technological advancements in dentistry. The older generation needs to be regulated more

Q17

Please rank the following statements (with one being most important and eight being least important) according to the following question: Which actions should the Dental Council prioritise when considering its approach to ongoing education and learning opportunities?

- | | |
|---|---|
| Changing the current amount of prescribed hours and peer activities | 4 |
| Changing the current length of the education and learning opportunities (CPD) cycle | 3 |
| Permitting practitioners to set their own hours of education and learning opportunities and quantity of peer activities | 2 |
| Removing the requirement to have verifiable education and learning activities | 1 |
| Requiring practitioners to maintain an accurate record of their education and learning activities | 5 |
| Permitting practitioners to choose some of their education and learning opportunities from prescribed categories | 6 |
| Permitting practitioners to choose all of their education and learning opportunities from prescribed categories | 8 |
| Setting some mandatory education and learning opportunities based on the Dental Council's Practice Standards | 7 |

Q18

Do you think the Dental Council needs to make any other changes or improvements to the ongoing education and learning process?

Yes - it needs to make substantive changes or improvements
