Page 3: Area one: new core recertification programme

Q4 What, if anything, do you like about our proposed core recertification programme?

Its attempt to ensure competence

Q5 Is there anything about our proposed core recertification programme you would change?

Yes,

Please explain.:

review proposed mentoring programme. This implies senior and junior parties. Practically this will be difficult to match every practitioner. It also means double time commitments for the mentor, who will also be required to be mentee to someone. Review proposed eye test - has this been identified as an area of concern? I find it a but condescending that such a basic condition needs to be legally enforced.

Q6 Do you support our proposal to change the recertification cycle to 12 months?

No,

Please explain.:

some years, due to personal commitments, work commitments, and suitable courses, the requirements may not be met within 12 months. Whereas in another 12 month period, they may be more than adequately met.

Phase two consultation on recertification

Q7 Do you think our proposed core recertification programme should include a requirement for practitioners to complete an online open-book assessment of their technical and clinical knowledge and skills?

No,

Please explain.:

this take resources, time commitments, but does it necessarily translate to practical application?

Yes,
