## Page 3: The proposal

Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

**Strongly agree**

### Q4 Please describe why you support the proposal

As being a student who is studying dental therapist and dental hygienist, I believe that we already have sufficient knowledge of the permanent teeth and dentition. Hygienist allows the scope for treating over 18 years old, but as a dental therapist we already know how to anatomy of the permanent dentition, so it is not something that is completely different. I believe it is somehow similar.
