Page 3: The proposal

**Q3** Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

**Strongly agree**

Page 4: Your support

**Q4** Please describe why you support the proposal

Dental Therapist and Oral Health Therapists are able to treat 0-17 year olds within their scope of practice. It does not make sense that once the patient turns 18 that they cannot treat the same person because they are now 18 and the treatment is within in their scope.
