Q5 Please describe your specific concern/s with the proposal

I am concerned there will be no difference between BDS and BOH, why do students need to study so hard to get into dentistry if they can perform the same tasks after they graduate, will it be better they also study 5 years of dentistry instead of 3 years? Also, I am concerned if they are unable to finish their task if the restoration turns out to need a root canal treatment? Even a dental student can't be 100% they have enough exposure of Endodontics when they graduate, I am doubting an extended OHT course will be able to cover this.
