## Consultation on the age limit for restorative activities in the oral health therapy scope of practice

### Q5 Please describe your specific concern/s with the proposal

1. Would the accredited adult restorative programme for OHT's be enough to get them all upskilled and who is monitoring the process after to check off what they are doing is clinically competent in private practice? Would this programme be comparable to the clinical skills dental students learnt over 3 years?
  2. What happens when OHT's are undertaking restorative treatment with complications. Will the treatment then be covered under the MOH scheme for re-do work?
