Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

Strongly agree

Q4 Please describe why you support the proposal

Because OHTs are well trained enough to do simple restorative procedures for adults, and NZ strongly needs their services for our adult population. Most dentists would disagree purely out of competition and business consideration, but when you let the general public has an informed referendum, you will see most if not all of them will vote YES for OHTs to do simple restorative dentistry for them. Oral health is not about profits and business for dentists, it is about ORAL HEALTH.
