Q1 Your details

Name	Arun P Velusamy
Company/organisation	[REDACTED]
City/town	[REDACTED]
Email	[REDACTED]

Q2 Your submission is in the capacity as	dentist or dental specialist
--	------------------------------

Page 3: The proposal

Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).	Disagree
--	----------

Page 4: Your support

Q4 Please describe why you support the proposal	Respondent skipped this question
---	----------------------------------

Page 5: Your concerns

Q5 Please describe your specific concern/s with the proposal

there is no clear explanation of real benefit to the public by giving OHT's adult scope.
what about kids at school under year 9?

Page 6: Details about OHT scope, qualifications and competencies

Q6 Do you have any specific feedback on the proposed amendments to the OHT scope of practice, prescribed qualifications or competencies as set out in appendices 1 & 2? **Yes**

Page 7: Specific comments on the proposal

Q7 Please provide us specific comments related to the OHT scope, qualifications and competencies.

Preparing oral health care plans and informed consent, prescription- is this going to put the OHT's/dentists/patients at risk? I feel the existing model works well and it might have a negative impact for the new grad dentists to some degree

Page 8: Anything else

Q8 Do you have any further comments on the proposal? **Yes**

Page 10: Last thoughts

Q9 Please provide us your feedback

these changes might have an impact on new grads entering the workforce and can't see any real advantage to the public to improve access unless it is carried out at hospital based setting working with dentists and dental specialists as a team
