Page 3: The proposal

Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).	Strongly disagree

Page 5: Your concerns

Q5 Please describe your specific concern/s with the proposal

OHT knowledge is not extensive enough to treat adults in the proposed extended course and not extensive enough for real patient consent .

Current BDS degree will not be recognised as comprehensive and may be seen as a lesser degree if OHT can treat adults .

Public will be confused with the two professions.

Safety of the public will be compromised and there will be MORE RISK for error and complaints and hence an increase in indemnity fees .

If there is an indication of having a dentist to have direct clinical supervision of OHT and this is not realistic especially if it is a busy clinic.
