Consultation on the age limit for restorative activities in the oral health therapy scope of practice

Q5 Please describe your specific concern/s with the proposal

There is enough work from people under 18 that is not being treated, which would become even more of a problem if therapists then started treating adults!

Many adults have complex issues esp medical that can't be treated with the knowledge gained as a therapist. Somewhere this will become apparent and most likely when it's too late and we have a tragedy.

How are patients going to be offered the full range of treatments from therapists. Thus they will not be fully informed. Again this will lead to issues.
