Consultation on the age limit for restorative activities in the oral health therapy scope of practice

Q5 Please describe your specific concern/s with the proposal

1. This will NOT address the current unmet need in under 18 populations (particularly in public and rural sectors). In fact, the current proposal may make the situation worse. We have embarrassing statistics for under 18 dental care and a greater emphasis needs to be made on prevention.
 2. Current OHT training is not adequate to carry out the complexities of an adult scope of practice - plain and simple.
 3. This proposal will cause further confusion for the public regarding who is able to provide a full scope of dental care.
