Q4 Please describe why you support the proposal **Respondent skipped this question**

Page 5: Your concerns

Q5 Please describe your specific concern/s with the proposal

There is a greater need for treatment of people under 18 at the moment which is not completely fulfilled. It would be better to use resources available for better accessibility for the existing system.

With adult patients restorative treatment especially when they're close to or inadvertently involve the pulp, treatments are a lot more complex than in paediatric teeth and this could potentially lead to dental emergencies & further problems for patients
