Q5 Please describe your specific concern/s with the proposal

Not enough training. Even new grad dentists are pretty crap...and bad fillings where the whole sequel starts (root canal, crown, implant). There will be a bias in treatment recommendation (they will lean towards what they are allowed to do).

Q7 Please provide us specific comments related to the OHT scope, qualifications and competencies.

Please don't refer to the UK as an example...they are a very bad example. You are better off going to India to have your teeth done.
