Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

Q4 Please describe why you support the proposal

I am a bit on the fence, both agree and disagree. I support it as we will be on par internationally with other dental governing bodies. However, due to competition with dentists in NZ I fear we wont use this scope as often or readily as we would like. Also existing OHT's or Therapists will have to go back to studying and this might not be do-able for some practioners. In short I support it as it is another scope we will be able to do and able to do overseas aswell.
