Page 3: The proposal

**Q3** Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

Page 4: Your support

**Q4** Please describe why you support the proposal

If OHT can provide permanent teeth restorations for U18, then OHT should be able to provide permanent restorations for any age limit, otherwise are we sending a message that U18 are getting inferior treatment. Therefore in my opinion, Dental Council should either allow OHTs to do restorations regardless of age, or remove the scope of permanent teeth restoratives for under 18s to achieve equality
