Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

Q4 Please describe why you support the proposal

I believe it is important for Oral Health Therapist to be allowed the opportunity to restore on patients over the age of 18 years after completing an accredited programme. This is an important move for the future of oral health care in the adult population of New Zealand.

Dental therapy skills are one of the subsets of oral health therapy; oral health therapists are already practising hygiene skills on over 18 years old and have the competency and capability to manage patients' basic restorative needs over the age of 18
