### Q1 Your details

Name	<b>Bridget Abraham</b>
Company/organisation	
City/town	
Email	

---

**Q2** Your submission is in the capacity as **oral health therapist**

---

## Page 3: The proposal

**Q3** Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

**Agree**

## Page 4: Your support

### Q4 Please describe why you support the proposal

Research that I have read shows that low in-come families will have lost 2.5 teeth by the time they are 38 due to tooth decay. Working in a Maori medical centre as a dental assistant before going back to study a Bach of Oral Health a number of my patients would have extractions over fixing there teeth due to cost. Opening the Scope with further study will hopefully bring prices of treatment down. I am very much supporting this proposal due to it benefiting me and my career, but I do have concerns, the reasons people don't get treatment done is due to cost and by opening the scope will it make things cheaper? is the costs of our services going to be monitored? Are we going to have government clinics that have reduced prices? Oral Health Therapists work for a government organisations or in private practice for a boss where they don't choose prices the prices are set but the practice. So is this change going to make dentistry more affordable
