**Q3** Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

**Q4** Please describe why you support the proposal

I do not see why there should be such restrictions. If OHTs can provide all dental care within their scopes for 17.9 years old patients, what difference is there for 19 years old or more?

As long as it is within the scopes of OHT, it should be just fine

**Q9** Please provide us your feedback

You must investigate who has made such complicated restrictions in the first place. It was quite an absurd decision, made irresponsibly by likes of Alison Meldrum
