Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

Q4 Please describe why you support the proposal

I support the proposal to remove the age limit for restorative treatments in the Oral Health Therapy scope of practise for the following reasons:

Working in private practise under the OHSA I am diagnosing and treating caries on permanent teeth almost daily, these lesions range in size from a simple class one filling to extensive multisurface restorations.

This could allow Dentists the freedom to work on more complex restorative procedures outside our scope of practice which are increasing due to our aging population.
