Q4 Please describe why you support the proposal

To offer affordable accessible oral health care to all of New Zealand. OHT already provide oral health care up to 18 year olds which is extremely beneficial for those who can not afford general dentistry. This will open doors for OHT to offer dentistry at much more affordable prices to all age groups.

Q9 Please provide us your feedback

I believe we will be able to work more collaboratively with dentists to improve the oral health of all of Aotearoa. Having this restriction lifted from OHTs will mean that we can provide the same scope to all age groups. I hope that this will mean we can open clinics for those in need ie community service card holders basic dentistry.
