Strongly agree

Q4 Please describe why you support the proposal

current OHT with APC can provide treatment to patient up to 18 years old. The treatments for the patients are inclusive the permanent dentition. Remove of the restriction does not make big different compare to the treatments that OHT is providing to their patients anyway. Only OHT is to take some extra courses, mostly for the patients with complicated medical conditions and their impact to the dental treatment, the OHT should be more than competent to provide dental care to anyone. Also, the more importantly, OHT are the potential work force to provide affordable & accessible dentistry to the public in NZ which is seriously lacking at the moment.
