Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

Q4 Please describe why you support the proposal

It will provide the opportunity for cheaper dental care, which I believe to be highly important for to overall standard and accessibility of oral health in New Zealand. Currently the only reason this isn't in place is clearly due to selfishness from those who can perform these operations.
