Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged). **Strongly agree**

Q4 Please describe why you support the proposal

I strongly support this proposal as I see no valid reason why OHT's should be excluded from providing healthcare to individuals aged 18 and over. The field has a lot to offer and is heavily restricted by the current regulations. In addition to this, it would increase dental care availability to the public, including low socioeconomic persons who may not ordinarily have access to full dental services.
