Q1 Your details

Name	Stephanie
City/town	[Redacted]
Email	[Redacted]

Q2 Your submission is in the capacity as Other (please specify):
Student

Page 3: The proposal

Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

Strongly agree

Page 4: Your support

Q4 Please describe why you support the proposal

Oral Health Therapists already have the experience in performing dental procedures such as fillings on an adult dentition when they are working with young adults (for example 17 years old's), so what is the difference doing a filling on a 17 year old to doing a filling on a 18 year old? If the age limit is lifted, then OHT's can help out the dentists doing simple procedures such as examinations and fillings, leaving more time for the dentists to focus on the more complex procedures such as root canals and extractions which would not be in OHT's scope of practice.

Consultation on the age limit for restorative activities in the oral health therapy scope of practice
