Page 3: The proposal

Q3 Do you agree or disagree with the proposal to remove the 18-year age limit for restorative activities from the OHT scope of practice including: accredited, gazetted programmes allowing oral health therapists to perform restorative treatment on patients 18 years and older an exclusion, such as "Restorative treatment on patients 18 years and older", being placed on oral health therapists' scopes of practice until they complete an accredited adult restorative programme which will allow them to apply to have the exclusion removed (noting that the activities registered oral health therapists can currently perform within their scope of practice remain unchanged).

Strongly agree

Page 4: Your support

Q4 Please describe why you support the proposal

I support the proposal to remove the 18 year age limit on restorative care because it widens my scope of practice and allows me to extend my skills to a wider patient range. It also allows for the overall dentistry community to work more closely and be able to rely on other more if needed (i.e. takes pressure off of dentists to do restorative treatments when an OHT could do it)
