Consultation on supplementary risk management principles for oral health during the COVID-19 pandemic

Q5

No

Do you support the proposed Supplementary risk management principles for oral health during the COVID-19 pandemic? If you do not support the draft, please share your concerns, reasons for your view, and proposed alternatives if you have any.

Q6

Please share any comments you have below:

It makes it very difficult for COHS patients under 12 years of age who are presently unable to be vaccinated. In a multi room situation restrictions are lifted therefore under 12s should be considered low risk in a COHS single room surgery as well
