Subject: Irish Dental Program

Do you agree/disagree with the proposed addition of Dental Council of Ireland accredited dentistry programmes as prescribed qualifications for the New Zealand general dental practice scope of practice?

I agree only if the recognition is mutual. Also the recognition should include all of the past graduates of Otago University Dental School as well!

I am surprised that Irish dental degree was not recognized already in NZ.

I am 100% backing the mutual recognition of the dental programs in both countries.
