**Q19**

Oppose

Do you support removing the requirement to register in dental technology before registering in clinical dental technology? Click to learn more about the proposed changes.

---

**Q20**

Please tell us why:

Registration is a one off fee for dental technology. How would removing the requirement of CDT to also be registered as a dental technician be beneficial to the profession? Instead would it not be more beneficial to have dental technology registration be compulsory in terms of protecting the public?

**Q23**

**Dental technology**

Do you have feedback on the proposed administrative changes to prescribed qualifications for any of the scopes of practice, as reflected in the draft Gazette notices?

---

**Q24**

Please tell us your feedback. When discussing multiple scopes, please indicate clearly which scope of practice you are referring to in your comment.

Why is dental technology the only oral health discipline that does not require registration? This profession should also be regulated because it is also the duty of the dental technician to have the public's best interest in mind when fabricating dental prostheses, therefore this profession should also be regulated
