Please tell us your feedback. When discussing multiple scopes, please indicate clearly which scope of practice you are referring to in your comment.

Dear Dental Council

I am inquiring if I can suggest another pathway to increase dentists in NZ. Have you considered to make it easier for more practicing oral health therapists n clincial dental technicians in NZ to become dentists through otago university. At the moment it is extremely competitive n with limited spaces for practising DOH and CDT to be accepted in Bachelor of dental surgery. I know this it to be true as I have tired in numerous occasions. I have almost 20 years experience and also an MBA from otago n still not succesful. Also to add with great references. What are your thoughts?
