Q14

Please tell us why:

The introduction of CHS pathway is a great step. However, as some overseas dentists are already working towards the NDEB Equivalency Process and some even moved to Canada. DCNZ needs to take consideration of these dentists, given that they have committed to a lengthy and costly NDEB pathway. The requirement of "regency of clinical practice" should be adjusted for these dentists. One suggestion is to consider their postgraduate qualifications and CPD as well. They deserve to be treated fairly.
