Page 4: Proposed registration pathways

Q9

Yes

Do you believe the proposed changes will help reduce barriers to registration for suitably trained overseas practitioners?

Q10

Please tell us why:

There are more pathways and seems easier for overseas practitioners to easily practice in NZ. But this may not necessarily result in the outcome that the government is aiming to achieve.

Q12

Please tell us why:

If this is the government's method of making dental care more accessible to more New Zealanders, it does not take into consideration the location that overseas practitioners will end up practicing. If NZ is suddenly inundated with an influx of overseas practitioners all wanting to base themselves in Auckland or major cities, this does not benefit smaller centres or rural locations at all. Additionally, no consideration has been given to allow NZ-registered dental practitioners to have reciprocal practicing rights in the proposed countries. Allowing NZ-registered dentists reciprocal rights of practice would be a fair deal to consider.
