Page 4: Proposed registration pathways

Q9

Yes

Do you believe the proposed changes will help reduce barriers to registration for suitably trained overseas practitioners?

Q10

Please tell us why:

Australia has removed the requirement for accredited institutional training for some additions to scopes of practice which allows for adult scope of practice to exist in my personal profession without the need to go to a year long certified programme as long as the competency is achieved and maintained through adequate CPD programmes. NZ's age limitations without the ability to practice unless it is a recognised certificate reduces practitioners abilities there and limits what practitioners can offer

Support

Do you support the introduction of the 'Competent authority - registration' pathway? [Click to learn more about the proposed pathway](#)

Q12

Please tell us why:

Elsewhere around the world still has more adequate CPD fulfilment requirements with evidence gathering, it's quite simple to prove that you have the scope of practice and evidence to support your practice if this pathway exists in the future

Q23

Oral health therapy

Do you have feedback on the proposed administrative changes to prescribed qualifications for any of the scopes of practice, as reflected in the draft Gazette notices?

Q24

Please tell us your feedback. When discussing multiple scopes, please indicate clearly which scope of practice you are referring to in your comment.

This would allow practitioners leaving NZ to want to return because all their scopes of practice will be recognised
