Page 4: Proposed registration pathways

**Q9**

**Somewhat**

Do you believe the proposed changes will help reduce barriers to registration for suitably trained overseas practitioners?

---

**Q10**

Please tell us why:

I suppose we need a system where overseas trained dentist with specialiaization should be given consideration with minimum no. of trained coaching and observation in clinics and let into fields to work and practiose. the dentistry worldwide taught is same with same tooth anatomy just the version is little different which can be trained and accomplished. its brutal so many are leaving their professional field due to lack of recognition and unsuccessful clearing exams eventhough qualified. its brain drain and eventually leading to dental tourism affecting the economy of NZ
